The diagram illustrates a network structure with the following nodes and connections:

- Top Layer:** Node 2. (left), Node 5,000 (center), Node 1,500 (right).
- Second Layer:** Node 2,000 (left), Node 40% (center), Node 30% (right).
- Third Layer:** Node 30% (left), Node 1,500 (center), Node 30% (right).
- Fourth Layer:** Node 5 (center).
- Fifth Layer:** Node 2,000 (left), Node 600 (center), Node 30 (right).
- Sixth Layer:** Node 3,000 (center), Node 900 (right).
- Bottom Layer:** Node 5 (center).

Connections are shown as lines between nodes, indicating relationships or flows between the different layers and values.
